VIRTUOSO

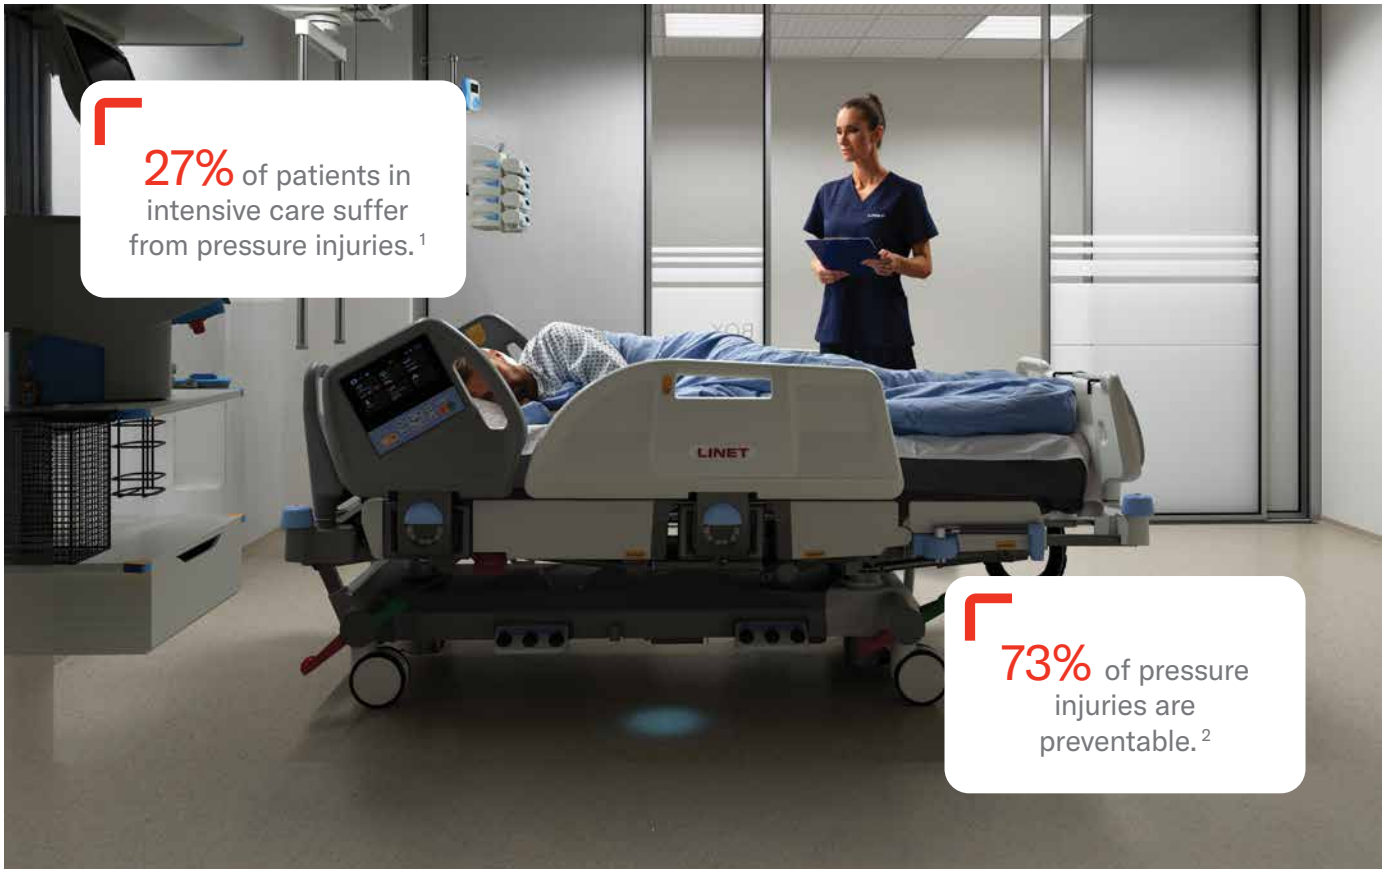

LINET

Virtue in Pressure Care. Dedicated to Recovery

3-cell alternating pressure mattress family

VIRTUOSO PREVENTING COMPLEXITY OF PRESSURE INJURIES

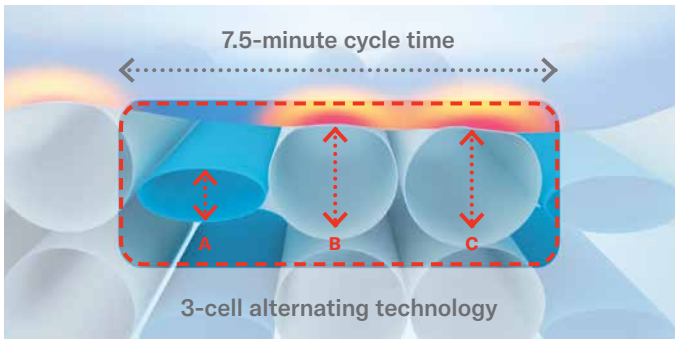

The extent of pressure injuries, particularly in intensive care units, is significant. Patients with pressure injuries often have complex healthcare needs that demand comprehensive treatment. This highlights the importance of a comprehensive approach, providing effective prevention strategies and ensuring high-quality care for pressure injuries.

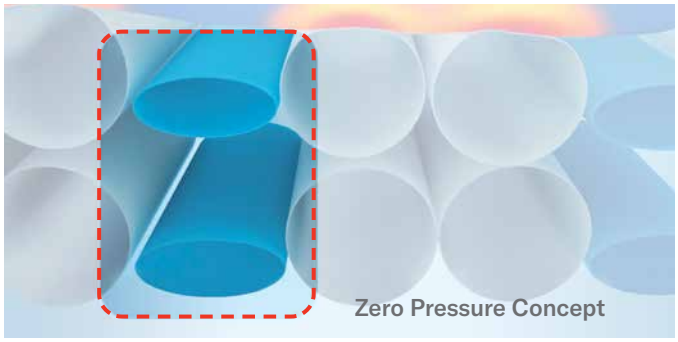

Virtuoso, equipped with a 3-cell alternating system and Zero Pressure solution, effectively supports pressure injury prevention for patients with complex needs, embodying

Virtue in Pressure Care and Dedication to Recovery.

SUPERIOR PRESSURE INJURY PREVENTION WITH ZERO PRESSURE

3-cell alternating system reduces pressure by simulating natural body movement with a 7.5-minute cycle.

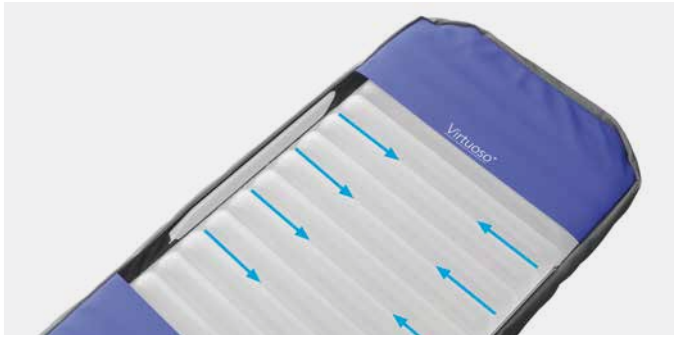

3-cell alternating technology creates Zero Pressure by removing pressure periodically under the body over the deflated cell.

PRECISION SUPPORT FOR COMPLEX PATIENT RECOVERY

Support for prone positioning is made easy via individual cell deflation.

Microclimate Maintenance provides support for natural body thermoregulation.

HIGH-PERFORMING ALTERNATION AT ANY CARE LEVEL

The Virtuoso range range offers a wide variety of mattresses and support for 24-hour care with alternating seating cushions.

Single compressor, compatible with all Virtuoso products, and provides efficiency for caregivers.
