RENTAL

Focused On Care

COMPLETE RENTAL SOLUTION ENABLING FOCUS ON CARE

Fully organized rental process including product transportation, installation, decontamination and services.

Rentline provides efficient customer support for rental management.

Clinical assistance to support caregivers with clinical trainings, prevalence audit and needed information.

EFFECTIVE INFECTION CONTROL

Efficient decontamination process and traceability.

External Decontamination Service provides disinfection and decontamination for your own fleet of products.

Internal Decontamination Service allows you to utilize our decontamination, logistical and infection control within your facility.

RENTAL OFFERS DESIGNED FOR YOUR COST OPTIMIZATION

Long-term Rental solution for rental periods of several years.

Ad hoc Rental – the right product for the right patient at the right moment.

Wide range of modern products available for rental.

COMPLETE RENTAL SOLUTION ENABLING

If buying is not a feasible choice, renting might be the perfect alternative. With our comprehensive rental solutions, we aim to empower caregivers and healthcare providers in their mission to prioritize patient care.

FULLY ORGANIZED RENTAL PROCESS

Within our rental solution models, we're happy to offer our customers the following services:

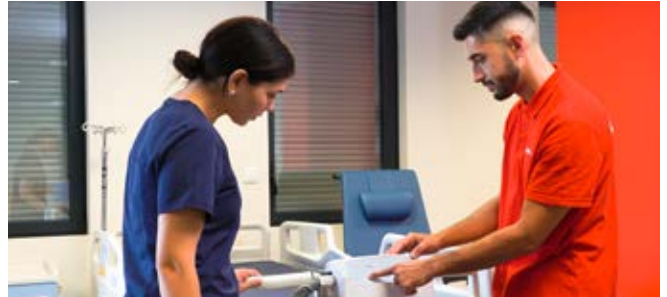

TRANSPORTATION

to and from the facility.

PRODUCT INSTALLATION

in the facility.

DECONTAMINATION

efficiently organized according to the rental model.

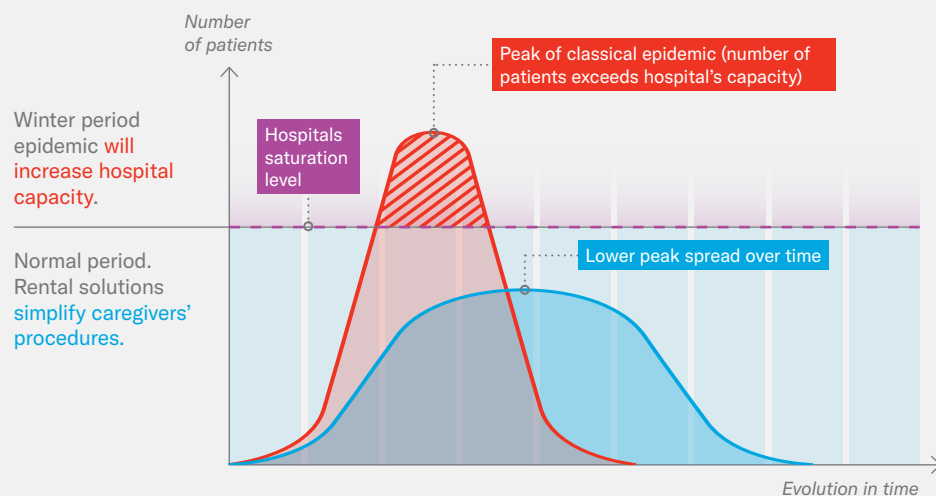

TECHNICAL SUPPORT

for all rented products.

Rental models benefit hospitals year-round, addressing demand in winter and streamlining caregivers' routines during the rest of the year.

RENTLINE FOR CUSTOMER SUPPORT

Rentline was created with a focus on delivering exceptional customer support, guaranteeing **a superior rental experience from beginning to end.**

RENTLINE BENEFITS

✓ Traceability	step by step. From decontamination to installation.
✓ Clinical studies	accessible together with risk analysis tools.
✓ Documentation	available together with training and product instructions.
✓ Live reports	just one click away.
✓ Invoices	in digital form.
✓ User interface	easy and intuitive to use. High level of security and compliant with the GDPR.

CLINICAL ASSISTANCE

Comprehensive training programs ensure that healthcare professionals **have the knowledge and skills to maximize the benefits of this essential equipment**, enhancing patient comfort and well-being.

CLINICAL SUPPORT PILLARS:

- On-site and online trainings.
- Constant availability of our clinical specialists for remote consultations and support.
- Prevalence audit.

EFFECTIVE INFECTION CONTROL

For hospitals and nursing homes, decontamination and effective infection control are crucial for preventing HAI.* With our efficient decontamination process process, we create a safe and hygienic environment that eliminates the risk of infections, ensuring the security, well-being and comfort of patients and nurses.

EFFICIENT DECONTAMINATION PROCESS

Each step of the process is traced, the quality procedure is followed followed by certified staff, and resources are set up for the prevention of biological contamination.

RECEPTION

Taking the mattress from the patient's room and delivering it to the decontamination center.

DISASSEMBLY AND CLEANING

Disassembling, inspecting and cleaning the mattress.

TRANSITION ROOM

Drying, decontaminating and testing the mattress.

REASSEMBLY AND TESTING

In a separate clean area, the mattress is reassembled, tested and registered on RentLine.

CLEAN STORAGE

Decontaminated and packed mattresses are put into a separate clean storage and are ready to be delivered.

DELIVERIES

Delivering the decontaminated mattress back to the hospital or nursing home.

EXTERNAL DECONTAMINATION SERVICE

This service **ensures the disinfection and decontamination of your own fleet of products**, making a valuable contribution to an efficient infection control strategy within the healthcare setting.

- The perfect tool to help hospitals or nursing homes to comply with their infection control policies by providing decontamination of the existing fleet.
- All products pass through a complete and standardized decontamination process.

INTERNAL DECONTAMINATION SERVICE

With this service, **we implement our decontamination, logistical and infection control expertise within your facility**, enhancing its overall operational efficiency and safety measures.

- Our rental organization will install a “first class decontamination center” on your premises, ensuring a service that meets established standards.
- Internal Decontamination Center can reduce your costs and improve response times.

RENTAL OFFERS DESIGNED FOR FINANCIAL EFFICIENCY

The financial well-being of a hospital depends significantly on the flow of funds. **Our rental offers are thoughtfully designed to ensure financial efficiency**, allowing organizations to optimize their budgets and allocate resources effectively.

LONG-TERM RENTAL

Our Long-term Rental solution is relevant for a period of more than one year. This rental model ensures high quality service for an optimized monthly price.

- A perfectly adapted solution for establishments welcoming long-stay medical patients.
- Products adapted to patients, clinical support and high level of products decontamination.

AD HOC RENTAL

Ad hoc Rental offers the greatest flexibility. When your organisation needs a product, our rental portfolio is just a phone call or click away.

- The right decontaminated product for the right patient at the right moment.
- Our Rentline system will enable you to manage your products needs online.
